## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1-9 are allowed over the prior art of record.
- 2. The following is an examiner's statement of reasons for allowance:

As per independent claims 1,4, and 7, the claim language pertaining to the generation of a first and second word based on voice recognition, and using the second word as a predetermined word to further determine and judge if the associated application is active, and the judging includes issuing a local command that is specific to controlling the predetermined activated program, is not explicitly taught by the prior art of record.

Performing word command recognition to control an application is well known in the prior art of record. For example, <u>Lim et al (6574599)</u> teaches a communication apparatus that produces as action word used to control an action from the application menu (col. 4 lines 7-12; col. 16 lines 50-55); <u>Tzirkel-Hancock (5960395)</u> teaches status checks before processing a word command (col. 38 line 61 – col. 39 line 8); and <u>Ortega et al (6182046)</u> teaches listing available commands for an active application(col. 3 lines 10-25 and lines 60-67); however, none of the prior art of record explicitly teaches the recited claim limitations of the independent claims noted above. Furthermore, it would not have been obvious to one of ordinary skill in the art at the time the invention was

Application/Control Number: 09/648,863

Art Unit: 2655

made to modify the teachings of the prior art of record to obtain the recited limitations of the independent claims above.

Claims 2,3,5,6,8,9, are allowable over the prior art of record because these claims have depend from claims that have been determined to be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Opsasnick, telephone number (703)305-4089, who is available Tuesday-Thursday, 9AM-4PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ms. Doris To, can be reached at (703)305-4827. The facsimile phone number for this group is (703)872-9314.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group 2600 receptionist whose telephone number is (703) 305-4750, the 2600 Customer Service telephone number is (703) 306-0377.
